A REMARKABLE CASE.

M.R. MURPHY, 90 North Sixth-street, Philadelphia, Agent for Sugaman's Medicated Lozenges, says that goor woman called at his Office and stated that her daughter, seven, cars old, had been sich for learly three years; her stemach was distended to the size of a grown person's; her arms and legs so swolles that she could not walk or help herself, although she could eat as much as two laboring mea. They had enveloped two selebrated doctors, who could do nothing for hex, and had given her up as incurable. Her husband had become discouraged, and absundend all idea of trying to do any thing more for her, and looked to death alone to take her out of her misery. Mr., Murphy, believing her case to be one of Worms, gave her a boy of Sherman's Worm Lozenges, and in two days she returned, with joy beaming in her eyes, and said the Lozenges had saved her child's life, after all had given her up. The first dose brought away nearly a pint of worms in one living mass. She had not taken two boxes before she was entirely cured, having passed after the first dose, which she could not count, ever 500 worms in one week. She was literally eaten up with them. Another living witness of the almost miraculous efficacy of Sherman's Lozenges. Principal Office in New-York, 106 Nessau street.
